15th November 1952

Dear Friend,

I have received a letter from Rev. J.B.Hugenholtz, president of the Holland United Action for Peace (ANVA) and member of the Provisional Committee of the Forum in Holland, who informed me that he was ready to organise a Regional Conference in Holland which would embrace all West-European countries.

Rev. J.B.Hugenholtz, whom you know, enjoys a wide support of many organisations in Holland and believes that such a conference would have a good success. He also proposes that an Organisational and Provisional Committee should be set up. This Committee would include the members of the Secretariat or the Provisional Committee of those countries which are participating at the Conference. A meeting of the Committee would be held later on to decide all matters necessary for the organisation of the above mentioned Conference.

Being in a entire agreement with Rev. Hugenholtz's proposal and thinking that Holland would be best appropriate for holding the Conference, I have sent a letter of conformity to him believing that he will done all his best in this work. I also suggested to Rev. Hugenholtz that he should get in direct contact with all the members of the Secretariat and of the Provisional Committee of those countries that would take part at the Conference.

I sincerely hope that you will also agree with this proposal and that you will be willing to participate in the work of the proposed Organisational Committee, as well as in
