books2ebooks – Millions of books just a mouse click away!

European libraries are hosting millions of books from the 15th to the 20th century. All these books have now become available as eBooks – just a mouse click away. Search the online catalogue of a library from the eBooks on Demand (EOD) network and order the book as an eBook from all over the world – 24 hours a day, 7 days a week. The book will be digitised and made accessible to you as an eBook. Pay online with a credit card of your choice and build up your personal digital library!

What is an EOD eBook?

An EOD eBook is a digitised book delivered in the form of a PDF file. In the advanced version, the file contains the image of the scanned original book as well as the automatically recognised full text. Of course marks, notations and other notes in the margins present in the original volume will also appear in this file.

How to order an EOD eBook?

Wherever you see this button, you can order eBooks directly from the online catalogue of a library. Just search the catalogue and select the book you need.

A user friendly interface will guide you through the ordering process. You will receive a confirmation e-mail and you will be able to track your order at your personal tracing site.

How to buy an EOD eBook?

Once the book has been digitised and is ready for downloading you will have several payment options. The most convenient option is to use your credit card and pay via a secure transaction mode. After your payment has been received, you will be able to download the eBook.

Standard EOD eBook – How to use

You receive one single file in the form of a PDF file. You can browse, print and build up your own collection in a convenient manner.

Print

Print out the whole book or only some pages.

Browse

Use the PDF reader and enjoy browsing and zooming with your standard day-to-day-software. There is no need to install other software.

Build up your own collection

The whole book is comprised in one file. Take the book with you on your portable device and build up your personal digital library.

Advanced EOD eBook - How to use

Search & Find

Print out the whole book or only some pages.

With the in-built search feature of your PDF reader, you can browse the book for individual words or part of a word.

Use the binocular symbol in the toolbar or the keyboard shortcut (Ctrl+F) to search for a certain word. "Habsburg" is being searched for in this example. The finding is highlighted.

Copy & Paste Text

Click on the "Select Tool" in the toolbar and select all the text you want to copy within the PDF file. Then open your word processor and paste the copied text there e.g. in Microsoft Word, click on the Edit menu or use the keyboard shortcut (Ctrl+V) in order to Paste the text into your document.

Copy & Paste Images

If you want to copy and paste an image, use the "Snapshot Tool" from the toolbar menu and paste the picture into the designated programme (e.g. word processor or an image processing programme).

Terms and Conditions

With the usage of the EOD service, you accept the Terms and Conditions. EOD provides access to digitized documents strictly for personal, non-commercial purposes.

Terms and Conditions in English: <http://books2ebooks.eu/odm/html/ubw/en/agb.html>

Terms and Conditions in German: <http://books2ebooks.eu/odm/html/ubw/de/agb.html>
